

BHARAT KUMAR

Software Developer | B.Tech IT Student

PROFESSIONAL SUMMARY

Motivated B.Tech Information Technology student with a strong foundation in software development, programming, and problem solving. Experienced in building real-world applications using Python, Java, and AI technologies. Skilled in developing scalable systems and working with modern tools like OpenCV, Firebase, and cloud platforms. Seeking internship opportunities to apply technical knowledge and grow as a software developer.

PROJECTS

AI-Based Waste Detection System

- Developed an intelligent automated waste identification and sorting system using advanced computer vision models.
- Selected in the **Top 10 Projects at the Gujarat State Level** for exceptional innovation and social impact.
- Honored with the prestigious **The Marveric Effect Certification** for excellent technical execution.

Scam Guard AI

- Engineered a real-time scam and threat detection engine utilizing machine learning algorithms to scan incoming activities.
- Integrated an automated alert mechanism that sends instant warning emails to users upon identifying potential scams.
- Optimized background tracking workflows for zero-latency detection and responsive user protection.

EDUCATION

B.Tech (Information Technology)

2023 – 2027

CGPA: 9.57

Silver Oak University, Gujarat

HSC (12th)

2022 – 2023

GBSE, Gujarat

SSC (10th)

2020 – 2021

RBSE, Rajasthan

ACHIEVEMENTS & CERTIFICATIONS

- The Marveric Effect Certificate** – Selected in Top 10 Projects at Gujarat State Level.
- IBM Project Selection Certificate** – Recognized for technical project excellence by IBM.
- Completed 30-Day AI Challenge – Built and Deployed a Web Game.
- Completed Python Programming Course (Online).
- Active Problem Solver on Coding Platforms.
